

Zapamiętaj

Obliczanie pola trójkąta:

$$a = 3 \text{ dm} = 30 \text{ cm}$$

Zamień **dm** na **cm**

Podstaw dane do wzoru
i wykonaj obliczenia.

$$P = \frac{1}{2} \cdot a \cdot h$$

$$P = \frac{1}{2} \cdot 30 \text{ cm} \cdot 10 \text{ cm} = 150 \text{ cm}^2$$
